POLITICS' GDDY WHIRL

Unterrified Now Making a Rush For the Places.

THE MARSHALSHIP PLUN

IT IS WORRYING THE BOYS MOST OF ALL.

It Will Be Given to Either Hoyt Sherman or a Dark Horse Who is Being Backed by Bushnell and Hanna—The Postmaster's Fight Is in the Language of the Short Order Walter, "Coming Up!"

United States Attorney Matter—Consuls Said to Be in Demand—Reception to Ex-Senator Brown—Other Political Notes.

The news has been received from the front that Major McKinley has had time to get through the most of correspondence on his table and can now be able to make a few appointments very soon, and in fact has done so, which causes the heart of the Utah office-seeker to beat with great and tumultuous joy.

Already the faithful are getting in their work and getting it in hard, and in a short time the capitol will be stormed with those who want preference from this state.

Their names are legion; everybody who looked at a picture of McKinley last fall wants something. In fact the applicants are so numerous that the McKinley club has determined it will take in no more members. At the last meeting of the organization one of the society called attention to the fact that it was dangerous to permit any more of the silver Republicans to join. This assertion on his part caused a great deal of astonishment and one of the select few arose to inquire if he was not a Republican.

In breaking in, and being informed this was so, declared he was in favor of excluding them then and there. Finally he having enough votes to prevent a new two-thirds vote from being taken, and it was agreed that it would be better to keep the club as it was, and they were and blackball all Bryan men who made application for membership.

The position of United States marshal seems to be the plum the trusted and tried are striving for. They are literally falling over each other for the place. It is believed that Hoyt Sherman Jr. has the inside on this account of his long experience in the office, but that does not discourage the others.

Harvey Edwards was a strong candidate for the position of United States marshal from St. George to Paris, Ida. It was a close race, but he was not successful.

Consuls are said to be a very strong office. But there are others. Ralph Guthrie, who has been in the office, will be heard from when the time comes. He has some support from politicians from other states. As to whether he has a petition in or not is not definitely known, but if he has not it is certain he will have it in a few days.

It is stated that Sherman's chances are likely to be improved by the fact that Governor Bushnell, of Ohio, wants a man appointed to the place as part payment for his services in the office of the Governor. Sherman is a personal friend of the governor, and the latter has agreed to see Hanna and have him urge the appointment. He is a regular signer of the paper, and has a few more days when he will be back at his desk.
